

K 10 C

Hand pumps

Piston pumps for thin-fluid mineral oils, diesel,
RME and fuels (hazard class A1-III)

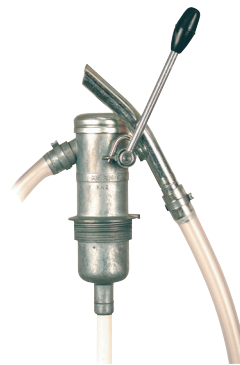

There is a HORN TECALEMIT hand pump suitable for all your application needs

HORN oil drum pumps for delivery of thin-fluid mineral oils, diesel, RME and fuels (hazard class A1-III) out of different containers, such as drums, overhead storage containers, etc.

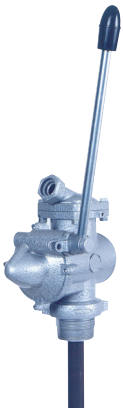

Hand pump K 10 C
for diesel, RME*, fuels (A1-III), heating oil EL/L, low viscosity mineraloils, radiator anti-freeze (undiluted)

- Pumping capacity approx. 0.25 l/stroke**
- Single-action piston
- Drum thread M 64 x 4 + G 2"
- Suction pipe 840 mm

Hand pump KH 2
for diesel, heating oil EL/L, radiator anti-freeze (undiluted)

- Hose fittings included
- VK18 valve manifold
- Pumping capacity approx. 0.1 l/stroke**
- Single-action piston
- Drum thread M 64 x 4 + G 2"
- Suction pipe 840 mm
- clasp for padlock

Hand pump TP 3
for diesel, RME, fuels (A1-III), heating oil EL/L, low viscosity mineraloils, radiator anti-freeze (undiluted)

- Pumping capacity approx. 0.35 l/stroke**
- Single-action piston
- Drum thread G 2"
- Suction pipe 840 mm

Hand pump KH 2 H
for diesel, heating oil EL/L, radiator anti-freeze (undiluted)

- Hose fittings included
- VK18 valve manifold
- Pumping capacity approx. 0.1 l/stroke**
- Single-action piston with siphon effect
- Drum thread G 2"
- Suction pipe 1500 mm
- clasp for padlock

*Rape-Methyl-Ester

**Depending on viscosity and system

Hand pump K 10 C
Item no. 103 083 000

Hand pump KH 2
Item no. 101 073 100

Hand pump TP 3
Item no. 103 153 000

Hand pump KH 2 H
Item no. 101 117 200
