

GO WITH THE FLOW.

Fuel suction unit

TankQuick eco: Fuel suction can be this affordable.

With the TankQuick eco, TECALEMIT supplements its tried and tested family of fuel suction devices with an optimally priced unit. No compromises are made in safety, control comfort or serviceability. The TankQuick eco fulfills the high requirements made of any equipment used in areas with high risk of explosion. The TankQuick eco, a pneumatic suction device and rear fuelling unit with a gas compensation system, also minimizes ambient air pollution.

Your benefits:

- GS tested
- the equipment can be operated with diesel, gas, or ethanol fuel (E85)
- high service friendliness
- high economy
