# Lever-type grease guns 2015/2016

[www.tecalemit.de](http://www.tecalemit.de)

A HORNGROUP COMPANY

**Art. no. 011 681 021 | Lever-type grease gun eco with nozzle tube and hydraulic connector**

Stable and robust industrial grease gun with 150 mm nozzle tube and 4 jaw hydraulic connector. Supplied in retail packaging.

<b>Pressure capacity</b>	Max. 400 bar
<b>Length without connector</b>	390 mm
<b>Usable content</b>	500 cm <sup>3</sup> (or 400 g cartridge)
<b>Weight</b>	1.38 kg
<b>Discharge capacity/stroke</b>	up to 2 cm <sup>3</sup>
<b>Connection thread</b>	M 10x1 female

**Art. no. 011 681 031 | Lever-type grease gun eco with high-pressure hose and hydraulic connector**

Stable and robust industrial grease gun with 300 mm high-pressure hose and 4 jaw hydraulic connector. Supplied in retail packaging.

<b>Pressure capacity</b>	Max. 400 bar
<b>Length without connector</b>	390 mm
<b>Usable content</b>	500 cm <sup>3</sup> (or 400 g cartridge)
<b>Weight</b>	1.39 kg
<b>Discharge capacity/stroke</b>	up to 2 cm <sup>3</sup>
<b>Connection thread</b>	M 10x1 female

**Art. no. 011 681 041 | One-handed lever-type grease gun eco with nozzle tube and hydraulic connector**

Stable and robust industrial grease gun with 150 mm nozzle tube and 4 jaw hydraulic connector. Supplied in retail packaging.

<b>Pressure capacity</b>	Max. 400 bar
<b>Length without connector</b>	390 mm
<b>Usable content</b>	500 cm <sup>3</sup> (or 400 g cartridge)
<b>Weight</b>	1.21 kg
<b>Discharge capacity/stroke</b>	up to 2 cm <sup>3</sup>
<b>Connection thread</b>	M 10x1 female

**Art. no. 011 681 051 | High-pressure two-handed lever-type grease gun eco with high-pressure hose and hydraulic connector**

Stable and robust industrial grease gun with 300 mm high pressure hose and 4 jaw hydraulic connector for lubrication procedures conducted on high-quality machines with long lubrication lines. The two-handed grease gun is characterized by its extreme ease of operation and reliable lubrication. The ergonomic handles, the low weight, as well as the nozzle holder ensure precision and cleanliness when it is used. Supplied in retail packaging.

<b>Pressure capacity</b>	Max. 400 bar
<b>Length without connector</b>	320 mm
<b>Usable content</b>	For 500 g screw-on cartridges
<b>Weight</b>	1.08 kg
<b>Discharge capacity/stroke</b>	up to 2 cm <sup>3</sup>
<b>Connection thread</b>	M 10x1 female

**Art. no. APT813 | One-handed pneumatic grease gun**

Stable and robust industrial grease gun with 170 mm nozzle tube and 4 jaw hydraulic connector. The easy dosage and ergonomic operation make this product one of the top sellers among its kind.

<b>Pressure capacity</b>	Max. 400 bar
<b>Length without connector</b>	410 mm
<b>Usable content</b>	500 cm <sup>3</sup> (or 400 g cartridge)
<b>Weight</b>	1.50 kg
<b>Discharge capacity/stroke</b>	up to 2 cm <sup>3</sup>
<b>Connection thread</b>	1/4" female
<b>Noise emission</b>	79 dBa
<b>Vibration</b>	3.5 m/s <sup>2</sup>

**Art. no. 011 680 000 | Wall holder for lever-type grease guns**

Practical wall holder for all lever-type and one-handed grease guns with a practical clamping mechanism. For securely storing your grease gun.

**Art. no. 027 032 601 | Hydraulic connector**

Replacement 4 jaw connector nozzle for all grease guns. Its robust design allows it to be used for extended periods and enables work to be carried out with great ease.

**Art. no. 027 020 502 | Nozzle tube, bent, with 4 jaw hydraulic connector**

Bent nozzle tube for TECALEMIT high-pressure manual lever-type grease guns, complete.

**Art. no. 029 080 807 | Intermediate extremely high pressure hose, 300 mm**

Flexible high-pressure hose for TECALEMIT high-pressure manual lever-type grease gun.

TECALEMIT is your partner for the professional supply, filling and measurement of fuel, oil, grease, air and chemicals.
